Gross mismanagement is not a reason to tax the people. Instead of crippling our wallets , balance your budget and stay within your means. Current spending programs like DEI and legal defense of illegal immigrants has been made priority over the needs of the people. I'm getting close to retirement but will certainly have to keep working until I'm dead under this governor and this government that doesn't care about the people. Shame on all of you for considering these taxes as a way of covering your mismanagement and your hate of anyone who thinks differently. Your hate has to stop. Stop enabling mental illness and embrace common sense. From what I can tell this bill is unconstitutional but that has never stopped a Democrat. Can any of you actually support and defend the constitution or was your oath a typical Democrat lie? Wake up and do the right thing for all the people not just one group. No wonder why the population continues to drop; not much reason to stay in Oregon anymore. It's unsustainable to live here and worse if you pass this porkulous bill. Stop the madness and kill the bill for the people. Tell us you Care. If you pass it, then we all know none of you care for anything but power and control. Do the right thing for once ...
