Committee: Joint Special Session Committee On Transportation
Funding

Measure, Appointment or Topic: HB3991

The people of Oregon have already voted against bills similar to this. If we keep voting things down, and politicians big and small keep doing what they want anyway, how are we supposed to react? How are we supposed to want to grow and live here in Oregon? This bill would only make things worse for people of Oregon especially those already struggling. Odot needs to prioritize projects, like road maintenance and repairs. We do not need extravagant, beautifying or pointless projects like roundabouts, street decorations, 8 foot wide sidewalks, and so many more absurd projects. Odot needs to be held accountable for there funding needs and be realistic. Why should we pay the price, for our local governments bad choices? This bill would discourage people from buying new vehicles, buying ev, registering vehicles, and possibly even wanting to live or move to Oregon. We already should not be taxed and our paycheck, no more payroll tax. Please vote against this, as all of Oregon is not looking forward to more taxes. So many people are worried about tax cuts and other budget cuts from our federal government, then this comes along, and it's all ok...I think not!!!
