We are the fourth to highest cost of living and tax state in the nation and we have people that are struggling people that are leaving the state who cannot afford the high cost of living here with your cat tax and already the existing taxes embedded into prices and the regulations you put on top of things which increase the cost of living. You can't tax your way out of this you're going to have to reduce the size of the state and reduce The amount of services you offer. Reduce government reduce the amount of employees This is as good a time of any to start and a really bad time for these taxes.
