I am submitting testimony in opposition to the transportation bill that is being proposed. Strong arming Oregonians by pushing extra taxes through is a horrible thing to do to the residents of our state. This is completely unfair to the general public who has not been given the opportunity to vote. In an economy that has seen massive inflation in the last few years, our residents are struggling to survive. This state has one of the highest costs of living and the homeless population is growing at record numbers. This bill is unfair and I strongly oppose it. Thank you.
