Raising Oregonians taxes is completely egregious! The power of the politicians is to be used to support the people not use that power to hurt us.

*55% of the gas tax already goes to debt.

*Funds should go to maintenance and operations not pet projects.

*Oregonians shouldn't have to pay for burden of poor management.

*Giving an unelected body unconditional power to raise taxes is unconstitutional.

*Government should live within its means - just like the rest of us.

Oregon is one of the highest taxed states in the nation. There is something very wrong with this and wanting to raise more?!?

As I write this I am visiting my daughter in another state where her and her family moved to 5 years ago to get out of Oregon like so many others. I am so close to following them.

You are taxing people out of the state.

Please do the right thing! There are other options than to just keep taking our money.
