No on HB 3992. This is not solving ODOT spending problems or accountability, but is just throwing money at a government agency who can't handle its budget and increasing administrative cost. Oregon politicians need to stop wasting our taxpayers dollars. They need to put necessary services to keep Oregonians safe above their special interests. All government agencies need to be held accountable to support Oregonians and not special interests of politicians. Not doing your job is not an emergency, so funds should not be moved from the emergency fund to make more government jobs.
