Measure, Appointment or Topic: HB3992

Dear Sir/Madam,

I am strongly urging you to vote no on Measure HB 3992. It has come to my attention that the problem is not a lack of funds but a lack of accountability on how the existing funds have been spent. If this is the case, it begs the question of why the average hard-working Oregonian is having to bear the burden of yet another tax when most, if not all, of us are having to tighten, decrease, and even eliminate some of our spending habits to the point where even our food purchases are effected while the money we already give ODOT has been mismanaged for years? Furthermore, I find it deeply concerning that yet another special session has been called on this measure when 95% of Oregonians have let their representatives know that they are vehemently opposed to HB 3992. I urge you again, as an elected official whose job it is to represent your constituents, oppose HB 3992.

Thank you for your attention to this very important matter.

Sincerely,

Mrs Erin Heckman
