Measure, Appointment or Topic: HB3991

I strongly oppose this legislation. ODOT wastes a very large amount of money. We don't need to take money from hardworking Oregonians to pay expensive bureaucrats. The cost of building and maintaining roads should be going down, not up, as technology advances. We need clear transparency on why these projects are costing so much.

Why are we paying to renew automobiles anyway? The DMV never looks at the cars after the initial title check. We are just paying high priced bureaucrats, most of whom could not get a job in private enterprise at half the salary.

Please do not raise Oregons taxes on Labor day weekend!
