Attn:Governor

Oregon has many issues that need attention. Homelessness, Mental disabilities, Drug use, crime, schools ranked near the bottom, housing, over taxed, and government waste. Ask yourself how has Oregon gotten to this state of affairs. Throwing tax dollars at the same problem is not a solution, and problems have gotten worse. We need fiscal responsibility and common sense. We the people are fed up with the incompetence of the Oregon government. Oregon use to be a place for hard work, common sense, and honesty. Now all I see is greed and corruption. I would advise you model your state after a state that is successful.

I was a successful business owner for many years before I retired about 9 years ago. I'm sure glad I did not run my business like you have run this state.
