

Oppose Hb 3991

Legislators:

This is a punitive tax because ODOT is a poorly run institution and therefore the public must pay for its sins. This bill punishes the poor and seniors. I've tolerated the party foibles long enough. I want the Oregon we used to have; not this mess. If this bill passes (don't forget to alert our absentee governor), you will have one less Democrat voter.

Fed up with a party no longer for the working class.

Wendi Butler.
