We are a family with a small child we are hardly getting by. We have both work and make decent wages. We are supposed to budget so why aren't you all in the government held to the same standards. Oregonians are drowning and we have already said no once. We just had tax hikes in 2017 for the same purpose and nothing has changed. The government needs to audit, balance, budget, and cut the fat where needed just like your trying to tell all of us tax payers to do so we can afford to live and pay for your expenses. We are done all government officials need to live like the tax payers you're constantly ripping off and lying too. At this point Oregon needs a complete overhaul. We're living under a dictatorship, this isn't a constitutional republic. Oregon is defying the constitution. Taxation without representation. We threw tea into the harbor for less. It's time we start considering as a whole to stop funding the government until yall can control your spending.
