My husband and I are newly retired this year. This state cannot expect Oregonian's to to cover the expense of mismanagement of the government in Oregon. Our single daughter works a full time job and is struggling to make ends meet with her two children. She makes just a little too much to get assistance but has a mortgage and children to support. Please, please, please do not put this tax increase on Oregonian's who already cannot afford to put food on the table and are struggling.
