No new taxes til there is a rational and acceptable plan before a vote. I mean dig deep and come up with rational oregonians can live with not this so called STAND BE HIND THE GOVERNOR who by the way doesn't have a clue about how people work live raise families and just be happy. She will never know these things and strives to keep it from others with these absurd tax hikes on a whim thinking all will be well. Why are we not a state that can see a problem and fix it? You can throw money at all sorts of ideas but how much just disappears without any results being openingly reported? Studies are just holes in the ground no one with real knowledge is ever asked " WHAT DO YOU THINK ".
