

Submitter: Oregon Nurse
On Behalf Of:
Committee: Senate Committee On Labor and Business
Measure, Appointment or Topic: SB916
RE: Support for SB 916

To the Senate Committee On Labor and Business,

I am a nurse and I have personally seen the devastation of families when they go without it. Healthcare providers go on strike to improve the care that the community receives and should receive some care from society for their service and especially hardship of being in a strike.

Thank you for accepting my testimony and I look forward to your support,
Oregon Nurse
