RE: Support for SB 916

To the Senate Committee On Labor and Business,

I believe HB 3434/SB 916 should happen for striking nurses. I have not received pay now since the 14th of January. This has put a great hardship on me and my family. My husband has had to try and pick up more hours at his job to help offset our financial responsibilities. This has played a toll on our mental and emotional health along with our financial ability. I have worked for Providence for 24 year and this has not been an easy decision but it is a necessary one.

Thank you for accepting my testimony and I look forward to your support.
Theresa RN
