RE: Support for SB 916

To the Senate Committee On Labor and Business,

As a nurse, I am there to take care of patients, to keep them alive and help them heal so they can get back to their normal life. When hospitals take away our safe staffing, expect us to do more with less resources and don't pay a fair wage it affects patient care.

Supporting striking nurses with unemployment wages is a must. It is not right to financially punish someone for standing up for what is right. All we want to do is care for our patients and be respected and valued for the work we do.

Please sign unemployment benefits into law for striking nurses.
Megan RN
