

Submitter: Barbara brown  
On Behalf Of:  
Committee: Senate Committee On Labor and Business  
Measure, Appointment or Topic: SB916

Dear Senate Committee,

I deeply oppose SB 916, Oregon Unemployment Benefits are designed to help Oregonians who have lost their job due to no act of their own. This senate Bill 916 would set up an atmosphere that would increase the amount of Strikes and cause severe hardship to the oregon people.

This bill is a wasteful use of important money. Our representatives need to seriously look at these bills as if it was their money they were spending not just free money. Please start thinking how to assist our low and middle class citizens.

Stop this wasteful spending on foolish bills. Passing of bills such of this will only benefit the greater idaho movement and have more business and people move out of the state. Put our money to better use.
