

Submitter: Scott Tepavich

On Behalf Of:

Committee: Senate Committee On Labor and Business

Measure, Appointment or Topic: SB916

Reviewing SB916, this initiative will do more harm than good. Striking is supposed to be a difficult choice for workers and employers alike. It is a last resort when two parties cannot come to terms. This is not something anyone should be promoting or incentivizing. There are better ways to help guide employers and employees in reducing conflicts.

Shame on anyone even contemplating this proposal.
