Senate Committee on Labor and Business

Senate Bill 916

Dear Chair Senator Taylor, Vice-Chair Senator Bonham and members of the committee:

So the sponsors and supporters of this bill think that rewarding those who walk off the job is a good idea, eh? I have seldom heard of anything so ridiculous. Since when did people who walk of the job deserve the state to compensate them?

SB 916 is insulting to anyone holding down a job.

I urge you to table it and let it go no further.

Regards,

Richard Wisner
