

Submitter: Robert Larzalere  
On Behalf Of: International Union of Elevator Constructors  
Committee: Senate Committee On Labor and Business  
Measure, Appointment or Topic: SB916

My name is Robert Larzalere and I'm a Elevator Constructor and a member of and a member of The Intenational Union of Elevator Constructors Local 23 in Portland Oregon. I support SB 916 which would repeal the law blocking unemployment benefits to workers on strike. This bill would help ensure that workers are able to stay afloat while fighting for a fair contract. The ability to draw unemployment insurance while out on strike would be crucial to my families survival.

Ending this exclusion of UI benefits for strikes that go over 7 days will help make sure that workers like me can continue to pay our rent, feed our families, afford prescription drugs or pay our COBRA health care payments while out on strike. This will mean that we aren't forced into an unsafe or unfair contract just because the employer can starve us out. And those UI paymets will work as intended: to also put money back into the local economy at times of economic distress.

Strikes are always a measure of absolute last resort. Please help ensure that workers like me – nurses, teachers, grocery and construction workers and so many more – are not forced into unsafe or unfair contracts simply because we can't afford to exercise our legally protected right to strike. Please vote yes on SB 916.
