

Submitter: Lars Best

On Behalf Of:

Committee: Senate Committee On Labor and Business

Measure, Appointment or Topic: SB916

As an IBEW union member, I ask you not to pass this. Unemployment benefits are for those who are involuntarily out of work. Union members choose to strike by voting for leadership or authorizing a strike. Labor disputes are about balance, and I don't believe my taxes should fund them.

Sincerely,  
Lars Best
