

Submitter: Susan Cater
On Behalf Of: Myself
Committee: Senate Committee On Labor and Business
Measure, Appointment or Topic: SB916

Please vote NO. Being a retired worker who used to be in a union, I still oppose this measure. Why? I'm also a homeowner and taxpayer. It is obvious our broke State cannot afford it. Plus we would be mainly supporting public union workers who typically earn much more than the private sector. Agency after agency tells us they cannot help the public and are broke (really?!) but there seems to be money for certain "pet projects" and agendas.
