OPPOSE SB916

RECEIVING UNEMPLOYEMENT FOR LABOR DISPUTE

Dear Representative,

While some people struggle with getting unemployment when dismissed from a job and the employer can in fact deny unemployment insurance for that individual you are considering giving unemployment insurance to individuals that refuse to go to work so they can form picket lines.

Are you seriously attempting to KILL businesses in Oregon?

What is your plan for building back Oregon businesses while you continue to put more and more stress on them?

Sincerely,
Char Pennie
