RE: Support for SB 916

To the Senate Committee On Labor and Business,

My niece is a talented passionate RN. She cares about her patients, her community, and her own health and safety.

The fact that Providence is not willing to give a fair contract for all allowing these valuable medical professionals to provide SAFE care is unbelievable. It's been over three weeks and it's been a financial burden for most

Do the right thing. My niece and a lot of other medical professionals are also doing the right thing.

They 100% deserve unemployment to get them through this difficult time until a fair contract is agreed upon.

Thank you for accepting my testimony and I look forward to your support.
Marisa
