

Submitter: Dawn DiGregorio

On Behalf Of:

Committee: Senate Committee On Labor and Business

Measure, Appointment or Topic: SB916

I oppose this measure. According to the Oregon Employment Department, "Unemployment insurance provides money to people who have lost their jobs or have had their hours reduced through no fault of their own. Weekly payments of unemployment insurance benefits support people as they actively look for work."

- unemployment benefits are for those who lose their jobs, not employees on strick.

Vote no on this bill.
