

Submitter: Mike Stahl

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

This law is unconstitutional and and you all know it.

Disarming law abiding citizens will only increase crime as the "bad" guys become bolder due to no fear of the disarmed public. News flash, outlaws don't follow the law! This "law" is poorly written and with no clear plan of implementing it will lead to sporting goods businesses unable to make a living. I wish just once I would see a law out of Salem that actually improved the current situation instead of each new law being and straw in the "camels" back.....
