On Behalf Of: My family  
Committee: House Committee On Judiciary  
Measure, Appointment or Topic: HB3075

Im writing to you today to express my categorical opposition to HB 3075. This, along with Measure 114 only turns thousands and thousands of everyday, law abiding Oregonians into potential criminals. Not to mention the black market that could be created. Rights cease to be Rights, if one must ask permission from the Government to exercise them. Where does a State Government have the authority to create a law that supercedes the U.S Constitution? How can a State legislature in good conscience, outlaw items that were purchased, possessed, and used legally, on an ex post facto basis, with nearly no grandfather clause or confiscation with just compensation? The people are not the problem.

Do not support this bill.
