Measure, Appointment or Topic: HB3075

I strongly oppose the States decision to enforce bad voting based on misinformation. M114 and HB3075 are modern day Jim Crow laws and will harm and discriminate against the poor and defenseless Oregon citizens that Oregon says they care about. As a proud union member, and shop steward in a government job, I proudly defend my coworkers against unrighteous and unjust rules set about by people with 'good intentions.' The road to hell is paved with good intentions. By signing these laws into effect, you are taking away the rights of people to defend themselves. After years of hearing of police mistreatment and how we can't trust them to be fair, now the State says to trust them with our defense? I don't believe it.
