

Submitter: Harry Wallace
On Behalf Of: On Behalf of the Common Weal
Committee: House Committee On Judiciary
Measure, Appointment or Topic: HB3075

No more anti-constitutional laws please. There are plenty already on the books, provided they are utilized by defunded law enforcement. How is it that there is plenty of tax payer funds for needless legislation, but not for real public safety? More cops on the street, less crime. Or is that just too much common sense to grasp?
