

Submitter: Max Doner

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

If the police need magazines larger than 10 rounds to defend themselves, then so do the citizens. Remove all magazine restrictions on the citizens, or else impose those same restrictions on the police. If you don't want to impose them on the police, then do not impose them on us. Our lives are just as important to defend as the lives of police officers.
