

Submitter: Marla McGarry-Lawrence

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I urge you to support Measure 114 becoming the law in Oregon, especially the provision to limit the size of magazines. I am very concerned that automatic weapons are far too easily obtained in Oregon, especially by younger people with less emotional self-control. This leads to the use of automatic weapons to settle disputes and with large -capacity magazines, many people, including innocent bystanders, are killed and injured indiscriminately. This has got to stop. No one in Oregon, whether urban or rural, needs a large capacity magazine for self-protection.
