On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

There is no evidence that this measure will have any impact on crime or reduce victimhood for anyone in Oregon. The only thing this bill will accomplish is a direct violation of individuals second ammendment rights! The US has 20,000 gun laws and they clearly do not have the results you claim you intend. Guns are not the problem, people are the problem!
