Measure, Appointment or Topic:

HB3075

I feel this is a attack on my Constitutional Rights. I lived in Oregon most of my life and have enjoyed the rugged free eastern Oregon part of our state. I hold a Oregon concealed carry License and also A Utah CHL. Even with this I would be required to take another gun safety course and another Federal back ground check. This is not what our fore fathers envision for us when they wrote the Constitution. The Right to keep and bear arms was so important to them that it was the Second Amendment to our Constitution only after the first of freedom of speech. I feel we should vote again on measure 114 this measure barley passed and will not save lives. Only Law abiding citizens follow laws and Criminals do not!! This only makes it easier for Criminals to commit crimes. I loved growing up In Oregon with all the God given Freedoms that I have. NO Man Foreign or Domestic should Infringe on my God given Right to protect myself and my family. Gun ownership is a personal choice! One my children should have all the freedoms I had growing up to be able to make own choice. Thank you Franklin Meeks
