Measure, Appointment or Topic: HB3075

This measure is a flagrant violation and massive overstep of the Oregon government trying to not only restrict our 2nd amendment rights. The Oregon people have spoken, and they want their rights to Remain unrestricted. Trying to blatantly slap handcuffs on citizens who only want to keep their rights sacred. Your measure 114 and this house bill are treasonous and tyrannical, you state that these measures would "save" lives and yet you want to force everyday law abiding citizens to comply with rules and laws that would handicap them from protecting them and their families.

The fact that the "polls" seem to say that 3 counties carry the vote in the state above the rest of the entire state is a crock of garbage. No 3 counties in Oregon outnumber the rest of the state, unless your census' are off by that big of a margin. That being said disarming or restricting law abiding AMERICAN citizens from being able to purchase, own or build firearms, or "high capacity magazines" shows WE the people didn't do our due diligence in keeping the state government in check. You have Failed this proud state, the state that I was born and raised in. I fought for this country and have witnessed the horrors of when evil men are left unchecked.

If the Oregon government decides to move forward with this measure 114 and house bill 3075 you will be flagrantly violating your oathes of office to serve the people of this great state. These restrictions are the very same ones that our neighboring state to the south, California for those who clearly don't know their head from a hole in the ground, has had for some years now and their crime rates are beyond atrocious. California's crime rates have jumped to new levels over the years, even just from 2022 to 2024 a 3.3% increase just in violent crime going from 494.6 per 100,000 to 511.0 per 100,000. Clearly gun laws DO NOT WORK, because Criminals don't Care about the Law it's why they are Criminals.
