On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

This bill does nothing but hurt law abiding citizens. We will not be able to get gun to protect ourselves. There is no permit classes, not the money to make the classes. We all know criminals don't care what the law says. They will get a gun and any size magazine if they want it. The 2A SHALL NOT BE INFRINGED.
