Measure, Appointment or Topic: HB3075

As a long time Oregon tax paying resident, I ask of you to please rule in opposition of this bill. These bills do nothing to combat the criminals, only to make the actual law abiding citizens the criminals. The groups proposing this bill have zero understanding of the operation of the firearms or accessories they are even trying to limit or ban. Gun violence is not the fault of the firearm. Our focus should be on mental health of the citizens.
