You are simply trying to make it more difficult for law, abiding citizens to exercise their rights. This does nothing for criminals and does nothing to stop criminals. If you can come up with legislation, that will stop criminals from obtaining and using guns, I would be on board with it. There is zero logic for scientific proof that gun control does anything to stem violence. The lack of logic and intelligence shown by our liberal government is astounding. The lack of understanding of the United States Constitution is ridiculous. Come up with something feasible that actually makes a difference and will actually help. Quit wasting our time and tax dollars.
