

Submitter: Allan Cozine

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I disagree with measure 114 and I also disagree with this bill because it restricts my constitutional rights as an American and as an Oregonian by limiting the purchase of the fire arm of my choice. It's not up to the legislation to determine what I can and cannot use to protect myself or my family. The second amendment is a right. And Rights are not subject to license or permitting. The only thing this bills trying to do is give Oregon the right to charge us fees that are unconstitutional. I have the right to defend my family with any means available. Should I use a chainsaw?
