Measure, Appointment or Topic: HB3075

This is an unconstitutional bill that basically blocks the right to bear arms for the average person of age unless they pay the state a fee and bow to their every whim while also generating revenue for corrupt institutions destroying lives and ignoring the real issues. also this bill makes a scenario for existing safe law biding firearm owners to be persecuted indefinitely based on a couple words. This is not a bill for you and me. This is a bill for control in the state, against you and me. Furthermore, this bill will not control-remove violent gangs that this state protects with its sanctuary cities no one voted for, if you want to start somewhere start with the violent people who are not residents of the United States get them OUT! This is unacceptable
