

Submitter: Alan Halliday

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I oppose this measure because I believe that it is an attempt to bypass the judicial system that is already in place to deal with the issue at hand. There is no situation in the State of Oregon that warrants declaring an emergency. Emergency declarations were intended to be used in only the most extreme situations. Using emergency powers in this situation constitutes an abuse of power which is a very slippery slope.
