

Hb 3075 is unconstitutional. We have a legal, constitutional right to keep and bear arms and this bill infringes on that right by requiring MORE money & more time to even be considered to purchase a gun in Oregon! I will sue the Oregon government over this bill and I know MANY other Oregonians planning to do so also. It is unconstitutional to even THINK of passing this bill. I know a lot of democrats apposed to this bill as well. All this bill does is make it Harder for LEGAL, Law-abiding citizens to purchase guns. It does NOTHING to criminals since they don't go through legal means to get their hands on weapons. This bill is asinine & pointless. Criminals don't care about this bill. All this is, is a stepping stone getting the government closer to taking away legal citizens right to bear arms. And THAT, will lead to a civil war. I wholeheartedly oppose

this bill in it's entirety!
