Measure, Appointment or Topic: HB3075

I am an Oregon registered voter and support sensible gun ownership reform. Magazines with 10 or more rounds are not necessary and completing background checks before being allowed to purchase a firearm is just common sense. HB 3075-1 will help ensure a smoother and more rapid implementation of Measure 114 which I and a majority of Oregon voters support. Let's get Measure 114 implemented now!
Thank you.
