

Submitter: Richard McAfee

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I voted in support of measure 114. I support HB 3075. I am an Anesthesiologist in our community. I have witnessed firsthand needless and preventable deaths from gun violence. This is an opportunity to prevent deaths from gun related violence and suicide without infringing on Oregonians' right to bear arms.
