Measure, Appointment or Topic: HB3075

HB 3075 is an appalling attack on legal gun owners and it does nothing to make anyone safer. This simply an enduring around implementing M 114 before it is decided in court.

The Democrat Party of Oregon has disdain for gun owners and this is the latest attack against their adversaries.

It is already a requirement to undergo a background check. The permit to purchase scheme is inherently unconstitutional and serves no purpose other than to make firearms ownership more cumbersome. Should we Republicans propose a permit in order for Democrats to espouse their Marxists ideology? HB 3075 isn't about gun safety. It's about disarming Oregonians so that Democrats have absolute power over their subjects.

The standard capacity magazine ban is currently in the 9th circuit court and will not survive a court challenge.

I strongly oppose 3075 and encourage a no vote.
