Measure, Appointment or Topic: HB3075

I Anthony Jenck have seen this happen to the people over and over. Trying to pass a law that's already claimed unconstitutional, what's the difference with this one? You guys just mixed words around and changed the name of the bill. This has got to stop! The people are pissed with the government already as it is. You guys are trying to find loopholes around our second amendment and it is getting outta control! We will not let this stand it's clearly a violation to our second admendment. How about we start figuring out ways to keep the criminals from gaining control of weapons. Maybe more raids, us law abiding citizens are getting tired of trying to defend our 2nd amendment, you work for us it's not the other way around. If this law passes 90% of Oregonians will be violating the law and I have a feeling that's what the gov is trying to do.
