Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

Measure 114 is an unconstitutional Measure that illegally and unethically strips the right from law-abiding oregonians to purchase and use ordinary and common recreational, hunting, and defensive tools.

HB 3075 does nothing more than make it harder for us citizens to practice our right to bare arms, and should be vehemently opposed by anybody who seeks to prevent overreaching government from oppressing the people.
