Measure, Appointment or Topic: HB3075

A well-regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed. This was written with the latest firearm technology was used in the American Revolution. We must continue to keep the latest technology available to all citizens of the United States of America.

I strongly oppose these restrictions in HB 3075.

Sincerely,  
Jeffrey Dempster
