HB3075

I disagree that police should be the deciders of who can exercise their 2nd amendment rights. Nor would I want any of my other constitutional rights only valid with a permit. Self defense is a human right. It's absurd that this measure is being pushed at a time when citizens are increasingly on our own. Its measures like this that make me disillusioned with being a 30 year democratic voter. I am a law abiding citizen who enjoys trap and target shooting - I should not be punished for the sake of criminals who won't follow this law anyways.
