Measure, Appointment or Topic: HB3075

I strongly oppose HB 3075.

1. It extends government over-reach of Ballot Measure 114, which, as you know, was passed by the citizens of Oregon. In addition, it is another attempt to over-rule the will of the people.
2. I have been a responsible fire-arm owner for more than 50 years and strongly oppose another "gun grab" by Oregon politicians.
3. This is another assault on my Second Amendment Constitutional rights.

Respectfully,
M Susan Miller
