On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

Please stop wasting time and tax payers money on legislation that will only be contested in court and ultimately found unconstitutional. The failed measure 114 does not need to be re-written into this constitutional rights stealing, feel good, pat yourself on the back legislation. ANY police officer will tell you they don't have the time and resources to establish these programs or enforce these draconian measures as well. Just enforce the current laws instead of dumping criminals back out in the streets. NOT enforcing current firearm laws is the issue. The FBI has already said they will not do background checks for permits, only for firearm purchases. Permits to purchase are NOT constitutional. Background checks are currently being used and have been for many years. Magazine restrictions are arbitrary and failed to make any impact during the Brady Bill years. I'm not sure why you think it will work at a state level when it did nothing on a national level. And WHO is going to do live training to get a permit??? This bill is just as bad as measure 114 and just as UNCONSTITUTIONAL!
